

17th International French-Polish Seminar on Reactivity of Solids: First Announcement

The 17th International French-Polish Seminar on **Reactivity of Solids** will take place in Dijon, France at the University of Bourgogne, from June 29th to July 1st thanks to the cooperation between the Laboratoire Interdisciplinaire Carnot de Bourgogne (ICB, UMR 6303 CNRS-University of Bourgogne), the AGH Faculty of Materials Science and Ceramics and the AGH Faculty of Foundry Engineering. Around 60 scientists will contribute to this conference. The seminar takes place cyclically every 3 years, alternately in Poland and in France.

The main objective is the exchange of scientific information and views among the members of the French-Polish scientific community in the general field of Reactivity of Solids and to promote / strengthen collaborations.

This 17th International French-Polish Seminar on Reactivity of Solids will correspond to the 40th Anniversary of relationships between the two universities. It will be co-chaired by Prof S. Grzesik (AGH), Prof H. Krawiec (AGH), DR CNRS V. Vignal (ICB-CNRS) and Prof S. Chevalier (ICB-uB).

The conference will consist of four sessions:

- 1) Energy,
- 2) Durability of Materials
- 3) Shaping and forming processes of materials
- 3) Titanium alloys

The language used in this conference is English. The works presented at the conference will be published in *Les Annales de Chimie - Science des Matériaux* (after review process).

The registration fee is 180 € (with VAT) per participant. The registration fee includes access to oral sessions, coffee breaks, lunches, gala diner and publication of the paper. **The registration form and abstracts have to be sent to Virginie Bourg (frenchpolish2015@u-bourgogne.fr) by May 1st, 2015.**

Hope to see you in Dijon.

The local organizing committee:

Prof F. Bernard, Dr I. Bezverkhyy, Prof B. Domenichini, Prof S. Gauffinet, Dr C. Nouveau, Dr O. Politano.
